Documents we may provide you

Statements of Advice and Records of Advice

When we provide personal advice, ordinarily this will be recorded and provided in a Statement of Advice (SOA), known as a financial plan. It also provides you with detailed information about product costs, associated fees and other benefits we and others will receive because of the advice we have provided.

If we provide you with further personal advice, it will be recorded in a Record of Advice (RoA). RoAs will be kept on record for seven years and you may request a copy of such records by contacting our office during that period.

Product Disclosure Statements

If we recommend or arrange a financial product for you, we will provide you with a Product Disclosure Statement (PDS) or Investor Directed Portfolio Service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Other Documents

The OFA includes information about the fees to be charged and services to be provided for the coming year and seeks your consent to renew our ongoing services.

If we charge our advice fees from either a superannuation or an investment account we will also seek your consent to deduct fees from that account.
